

DENTAL BOARD OF CALIFORNIA
INITIAL STATEMENT OF REASONS

Hearing Date: May 14, 2004

Subject Matter of Proposed Regulations: Requirements of members to the Onsite Inspection team.

Section Affected: 1043.2

Specific Purpose of each adoption, amendment, or repeal:

The specific purpose of these proposed regulations is to set further requirements for the members who are appointed evaluators for the General Anesthesia and Conscious Sedation Permit program.

Factual Basis:

The proposed changes will require that each evaluator attend a board-approved evaluator training course. This course will provide the appropriate training for the evaluation and inspection process. The Dental Board of California is currently requiring all evaluators to attend a board-approved course; this regulation codifies that practice to ensure that all evaluators have the same training.

Also, there is occasionally in the public's interest, the need to terminate the appointment of an evaluator from the Onsite Inspection Team pool. This proposed amendment will allow the Dental Board of California to terminate a member of the pool at any time without cause.

Underlying Data

None

Business Impact:

This regulation will not have a significant adverse economic impact on businesses.

Specific Technologies or Equipment

This regulation does not mandate the use of specific technologies or equipment.

Consideration of Alternatives

No reasonable alternative which was considered or that has otherwise been identified and brought to the attention of the Dental Board of California would be either more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed regulation.
